Co-Headteachers' Message

Welcome back to the Summer Term: the final term of this academic year. This term is a wonderful opportunity for the children to reflect and be proud of the progress they have made this year and also enjoy more time outside! It has been a delight to see the children making the use of the school field at lunchtime and enjoying the extra space to play.

Our reception classes have been taking care of 5 duckling eggs this week. At the time of writing, 3 ducklings have hatched and are thriving and there is great anticipation for the arrival of the final ducklings. There has been great interest throughout the whole school as the children have had the opportunity to see the ducks via a live web camera. It is always amazing to see how much the ducklings grow in such a short space of time.

As ever, lots of fantastic learning opportunities are planned over the next few weeks. Our curriculum information for this half term is now on our school website and can be accessed via the curriculum quick links.

Other highlights from this week which can be seen on our Facebook page include: Year 4 Bikeability and the final of the girl's football team. Well done to all the children who took part in these events and represented the school brilliantly.

Congratulations to Miss Galvin who had a very busy Easter break getting married. She will now be known as Mrs Galvin-Bays and we are slowly adjusting to her new name!

Privacy Notice for Pupils, Parents and Carers

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' (sometimes called 'fair processing notices') to individuals where we are processing their personal data. Our Lumen Learning Trust privacy notice for pupils, parents and carers explains how we collect, store and use pupil & parent/carer personal data. This document can be found via this link: <https://www.lumenlearningtrust.co.uk/about-us/lumen-learning-trust-policies/general-data-protection-regulation-gdpr>.

Your child's profile name within Google Classroom

Your child will automatically be provided with their own personalised profile to enable them to access Google Classroom as part of their educational experience at our school. This is a fantastic online tool that allows a virtual learning environment to connect teachers and classmates from any location. Additionally, both in certain and uncertain times it ensures that we can provide a safe, secure and reliable way to continuously deliver education. You can read more about our remote learning offer, how and why we use Google Classroom and the security of your child's data by visiting our school website and navigating to Curriculum > Remote Learning Offer.

Each child has a unique profile which represents them in the online classroom, this is comprised of a name tag. Only the individuals in the virtual class can view this profile and all members of a Classroom are bound by the Lumen Family Acceptable Use of ICT Agreement and E-Safety Rules. For clarity purposes their name tag is comprised of their forename and surname. However, if you would like your child's profile name to show only the first initial of their forename and full surname please do contact our school office who can action this for you.

Sharing data and information with NHS Surrey to support children to access local health and wellbeing services
