

This half term, in Reception, we will be exploring growing and life cycles in our topic 'Ready, Steady, Grow!'. These are just some of the things we will learn in order to develop our knowledge.

Key Vocabulary:

Life Cycle  
Changes  
Habitat  
Healthy  
Metamorphosis  
Needs  
Similarities  
Differences  
Observe

Non fiction books contain facts as well as diagrams and pictures to explain information.

When we write facts we use capital letters, finger spaces and punctuation.

Sequencing language consists of: first, next then, lastly.

We will also be learning:

£1 is made up of 100p. There are different coins under the value of £1

We can use these coins to make the same amount.

Number bonds within and to 10

Numbers beyond 20

Supporting my friends to try hard is one way to be a good friend

Listening to my friends can help us solve a problem and remain friends.

# Ready, Steady, Grow!

An environment is the world around us.

I can see...  
I can hear...

Animals need food, water and shelter to survive.

Plants need sunlight, water and soil to grow.

Different animals live in different habitats depending on their needs.

Different animals have different life cycles. Some lay eggs and some give birth to live young.

PE:

- Running
  - Running is quicker than walking.
  - Look in the direction in which you are running.
- Throwing
  - Throwing means that I release the ball from my hand in an upwards and forwards direction.
- Jumping
  - I bend my knees and push myself off the ground so both my feet leave the floor. I land with bent knees.
