

Year 3 - Come Dine with me

Religion and Worldviews

Incarnation is the concept of God coming to earth as Jesus, God's Son, who is both fully God and fully human.

Science – Healthy Eating

Nutrition is the taking in and use of food and other nourishing material by the body. Your body can not produce its own food and nutrients.

Your body can not **produce** its own food and nutrients.

Computing

Search engines are like libraries of the internet.

Keywords are a **combination** of words you use to search for the information you are looking for.

Words you enter into a search engine need to be **relevant**.

You need to think about the number of keywords that you use. If you use too few keywords you could get too many **results** and they won't all be relevant.

Online Safety

- A belief is a personal acceptance that something exists or is true. An opinion is a view someone holds on a specific topic. A fact is a piece of information that is accurate. People can share their beliefs and opinions online through social media, videos, memes, and news stories.
- I can talk to my teacher, a parent/ carer, or a family member if I am feeling sad or uncomfortable about what I have seen online.
- I can create a password by using a combination of letters and numbers, and capital letters and punctuation. I should only share my passwords with people I trust.

Geography

Urban means belonging to, or relating to, a town or city. Urban areas are built up with a high density population.

Rural areas are areas which are not towns or cities. They are often farming or **agricultural** areas. These areas are sometimes called "the country" or "countryside".

Britain needs a mixture of **weather conditions** for our agriculture.

The UK is made up of 90% **rural** and 10% **urban** landscapes.

Three quarters rural space is **agricultural**. This is split into **Arable** Farming (growing crops), **Pastoral** Farming (raising animals) and Mixed Farming.

Britain needs a mixture of **weather conditions** for our agriculture.

Music

The **pulse** is a steady beat that runs through the music

• **Rhythm** is a pattern of sounds of different length

• **Duration** is how long a sound or note is.

If a piece of music is **allegro**, then it is fast.

If a piece of music is **adagio**, then it is slow.

If a piece of music is **piano**, then it is quiet/soft.

If a piece of music is **forte**, then it is loud

Ta' is the rhythm name for one sound per beat.. It is the rhythm syllable for a crochet.

'Te te' is the rhythm name for two sounds that share one beat. They are the rhythm syllable for two.

Stick notation is a way to write down rhythms using simple symbols .

If a piece of music is adagio then it is slow . So is a higher pitch than 'mi'
