

Weekly Homework

Each week, I will be set a Maths and Literacy task in my white CGP books; this will be linked to my learning from that week. I will bring this home each Thursday and bring it back on Tuesdays for my teacher to look at.

I will read for at least 5 minutes every night. This could be from my three books that I will bring home from school each week or 5 minutes of any book, newspaper, comic book, recipe book or anything else I love to read at home! Please make a note of this in my Reading Record. If I read 5 times in a week, I get a special sticker!

What else could I do at home that links to my amazing learning in school? Here are some *optional* ideas for us to try. My teacher said I can bring them in if I would like to so they can have a look but there is no expectation for this.

Places to Visit

We could visit a local woodlands, coasts or ponds to explore animal habitats.

We could visit our local library and take out some books related to different continents and animal habitats.

We could visit local museums like Chertsey or Spelthorne to find out more about our local towns like Ashford and Staines. There is also the British Museum in London which has exhibitions about the different cultures across the globe.

We could walk around our local area and use our map skills to create a map to locate our local landmarks. We could add a key to represent these landmarks.

Year 2 Homework Web Global Explorers Autumn 1

Crafts

We could create our own animal favourite habitats linked to our Science learning.

We could create a paper mache globe.

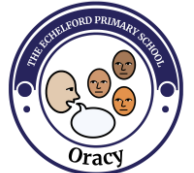

We could pick our continent and make a craft related to it.

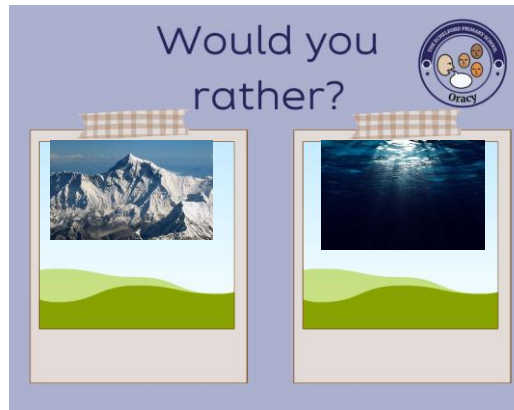

Oracy Ideas

In school, I have been working hard to improve my Oracy skills. We have been learning how to instigate conversations by saying things like 'I would like to start by saying...' or 'I think...' and then giving a reason for our answers by adding 'because'.

Here are some ideas of discussions we could have at home to practise these skills:

Would you rather find hidden treasure on an island like a pirate explorer
or discover a new land full of animals no one's ever seen before?

Would you rather ride a dog sled across the snowy lands of Antarctica
or ride a jeep through the hot and sandy Sahara Desert in Africa?

Would you rather climb the tallest mountain in the world
or dive to the bottom of the deepest ocean?
