

This half term, in Reception, we will be exploring different machines and ways to travel in our topic 'Marvellous Machines'.

These are just some of the things we will learn in order to develop our knowledge.

We will also be learning:

Numbers up to 60

Skip counting in 2s, 5s and 10s

2, 4, 6, 8, 10, 12, 14, 16, 18, 20

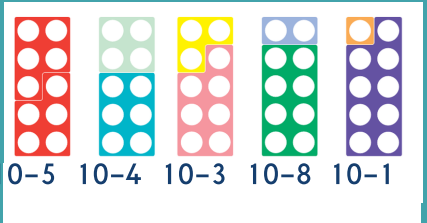

5, 10, 15, 20, 25, 30, 35, 40, 45, 50

1, 20, 30, 40, 50, 60, 70, 80, 90, 100

Subtraction facts for numbers within 10

Estimating different lengths using non standard measures such as cubes

Estimating means to make a sensible guess

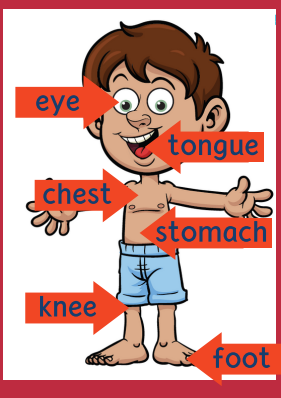

In PSHE we will be learning:

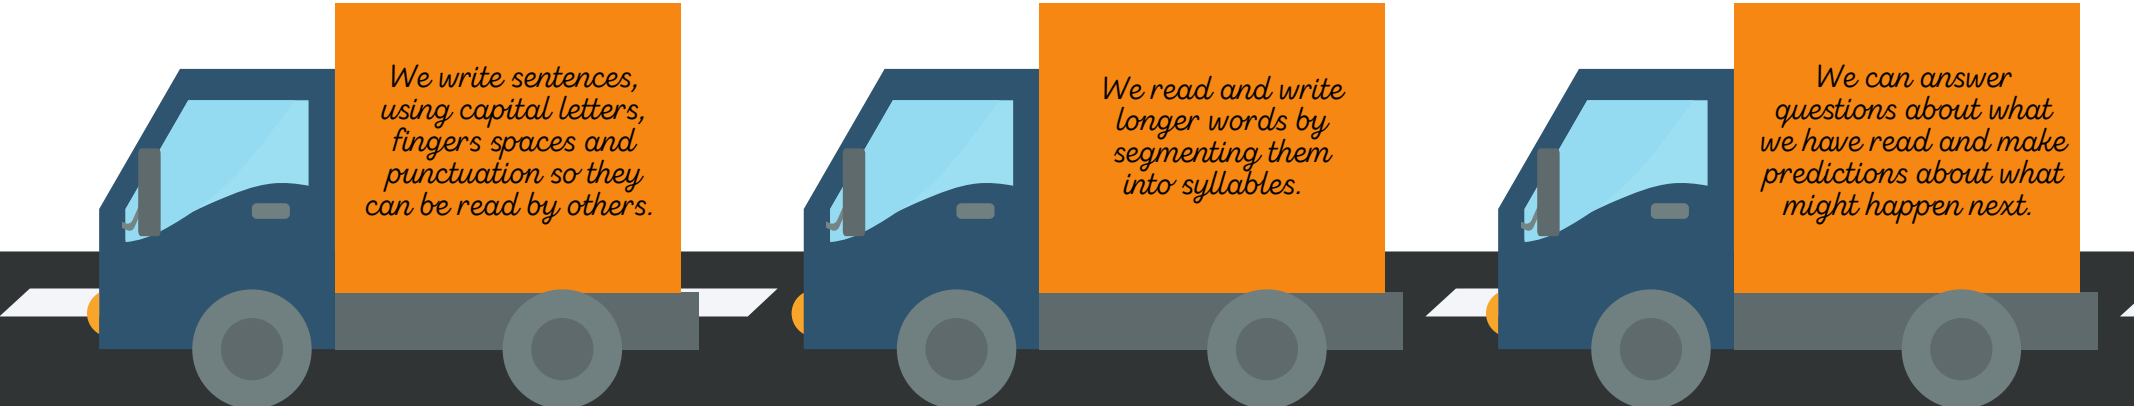

To label parts of our bodies - heads, toes, stomach, forearms etc

It is important to talk about how I feel and share my worries

What our days will be like in Year 1

Key Vocabulary:  
Engine  
Power  
Machine  
Mechanics  
Engineer  
Transport  
Change (similar and different)

We write sentences, using capital letters, finger spaces and punctuation so they can be read by others.

We read and write longer words by segmenting them into syllables.

We can answer questions about what we have read and make predictions about what might happen next.
